

TING TANG

Postdoctoral Researcher, Department of Geography, University of Zurich

✉ Email: ting.tang@geo.uzh.ch

OrcID: 0000-0002-1145-0723

Google Scholar: <https://scholar.google.com/citations?user=JS3Z2ZoAAAAJ&hl=en>

Education

Institute of Botany, Chinese Academy of Sciences, Beijing, China 09.2019-06.2024

(Direct PhD admission after Bachelor's degree; no separate Master's diploma)

PhD in Ecology, **Supervisor:** Prof. Keping Ma and Prof. Xiaojuan Liu

Thesis: The effects of genetic variation within species on tree growth in a subtropical forest

Department of Geography, University of Zurich, Zurich, Switzerland 02.2022-04.2023

Guest PhD student in Ecology, **Supervisor:** Prof. Meredith C. Schuman

The effects of tree genetic variation on tree growth via affecting functional traits

Lund University, Lund, Sweden 01.2019-06.2019

Exchange student in Ecology

Xiamen University, Xiamen, Fujian, China 09.2015-06.2019

Bachelor in Ecology, **Supervisor:** Prof. Luzhen Chen

Thesis: Study on mangrove soil carbon stocks in Fujian province, China

Employment

Department of Geography, University of Zurich, Zurich, Switzerland 03.2025-present

Postdoctoral researcher, Supervised by Prof. Meredith Christine Schuman and Dr. Sofia J. van

Moorsel

Active membership in scientific societies

European Geosciences Union (EGU) 2025 - Present

Ecological Society of America (ESA) 2022 -2024

British Ecological Society (BES) 2022 -2024

Conferences and Contribution

World Biodiversity Forum (WBF), Davos, Switzerland (2026) Oral presentation

Alpine Forest Genomics Network (AForGeN) meeting, Todtmoos, Germany (2026) Oral presentation

European Geosciences Union (EGU) General Assembly, Vienna, Austria (2026) Poster presentation

12th Chinese Ecologist Club Forum, Ha'erbin, China (2023) Oral presentation (2nd place prize)

British Ecological Society (BES) annual meeting Edinburgh, UK (2022) Session chair & poster presentation

World Biodiversity Forum (WBF), Davos, Switzerland (2022) Poster presentation

13th International Congress of Ecology, Geneva, Switzerland (2022) Poster plenary flash talk & poster presentation

Summer School FORBIODIV 2022, Davos, Switzerland Poster prize 3rd place

The 2nd International Summit of Forest Science & Jiufeng Green Oral presentation

Professional service

Reviewer for <i>Journal of Applied Ecology</i> , <i>Annals of Botany</i> , <i>eLife</i>	
Lead team member of Sustainability Week Zurich	10.2025 - 05.2026
Deputy Delegate to the Appointments Committee, VAUZ, University of Zurich	08.2026 - present

Awards and Scholarships

Visiting PhD student scholarship, 12 months, China Scholarship Council	2021
Merit Student, Institute of Botany, Chinese Academy of Sciences	2019
Exceptional graduates, College of the environment and ecology, Xiamen University	2018
LuYan Scholarship, Xiamen University	2017
Yang Rongrong Scholarship, Xiamen University	2016
Academic Scholarship, Xiamen University	2015

Personal Skills

Programming & Statistics	R programing (data analysis, visualization, R Markdown); Linear/mixed models, ANOVA, variance partitioning, structure equation model
Bioinformatics	RAD-seq filtering, SNP calling, population genetics
Data management	Data management, computational reproducibility, and open access (attended workshops and applied these practices in daily work)
Field & Lab work	Experiment design; manage and lead fieldwork; measure leaf morphological traits (SLA, LDMC), wood density, herbivory levels; collect leaf C/N/P concentrations, hyperspectral reflectance, and plant volatiles
Project & Communication	Project planning and management; collaborative leadership
Creative writing	12 months life writing training, seven articles were published on a Chinese online magazine
Language	Chinese (Native speaker), English (Proficient user), German (B1)

List of Scientific Publications
